

Music round instructions

There are two steps quizmasters must follow in order to play the music clips for this quiz:

1. Share your screen

(The following instructions are for the Windows version of Zoom since it's the most widely-used video conferencing software. Instructions for other software may vary)

Click the **Share Screen** button at the bottom of your Zoom window.

Important: After you click the above, you'll see a box near the bottom of the screen saying **Share computer sound. You must tick this box**, or your players won't be able to hear the music!

2. Play the music clips

Simply go to this Web address in a Web browser of your choice. You will then be able to play the music clips individually:

Note: doing a music round during a quiz can be challenging even for the technically savvy. If all else fails, just skip the music round!
